**INDEPENDENCE TUBE CORPORATION** – founded in 1972, is a leading manufacturer of square, rectangular and round structural steel tubing. Independence Tube produces structural steel tubing from prime steel on the most advanced tube mill equipment in the industry. High frequency welding techniques assure the ultimate in weld integrity. Structural steel tubing's ease of fabrication, high strength and pleasing appearance make it a "First Choice" material. Potential applications are as unlimited as the designer's imagination.

Independence Tube began in a 53,000 square foot facility located on the southwest side of Chicago. Today, we operate two Divisions in Illinois (Chicago & Marseilles) and our third manufacturing facility (opened in August of 2006) in Decatur, Alabama. Combined operations comprise over 1.3 million square feet under roof and over 70 acres of property.

CHICAGO, IL

DECATUR, AL

MARSEILLES, IL

**INDEPENDENCE TUBE** produces steel tubing to ASTM A500, ASTM A252 and ASTM A513.

Sizes offered are:

**ROUNDS** – 1.66" OD x .109" wall through 16" OD x .625" wall

**SQUARES** – 2" SQ x .109" wall through 12" SQ x .625" wall

**RECTANGLES** – 2-1/2" x 1-1/2" x .125" wall through 16" x 8" x .625" wall
